SOUTH PACIFIC MEDALSPfc. Edward F. LaLone is
Back from Active CombatAfter 32 months of overseas
service, 50 per cent of which was
combat, Pfc. Edward F. LaLone
is in Sierra Madre resting at the

PFC. EDWARD LA LONE

home of his father, Fred LaLone
Sr., 36 W. Highland. It would
seem that Edward has lived
through all that a dozen men
could experience in the South
Seas theatre of action. He has
witnessed the bombing of his
convoy, the dog fights in the air;
he has known what it meant to
be in the fox holes 25 days with-

out relief, subsisting only on C
rations. He can also tell you
how it feels to be desperately ill
in a hospital, Oh No, in a fox
hole, not being able to distinguish
the chills and fever from the
tenseness of battle.

Edward is wearing a South Pa-
cific medal of two major cam-
paigns, a good conduct medal, an
Infantry combat medal, and has
been notified that he will in the
very near future receive a Presi-
dential citation for extraordinary
bravery and service in the Quad-
alcanal Relief of the Marines. His
unit was the first to meet the
Japs in defensive combat after the
long Marine siege.

Edward says Sierra Madre
looks so beautiful to him, that
he is so glad to be home, and
from now until November 11 he
will do nothing but enjoy the
comfort of being home and en-
joying his friends. At that time
he will go to Santa Barbara for
a complete rest and await his
next re-assignment.

Observations

By LEE SHIPPEY

When a boy like Edward La-
Lone comes home the whole town
should pay its respects to him.
Edward has been in there pitch-
ing ever since the war began,
probably having longer contin-
uous service in battle areas than
anyone else from our town. Ser-
vice of that enduring kind should
be just as much an honor as are
medals.

Library Board
Membership Change
Announced

The resignation of E. D. Bur-
bank from the board of the Sierra
Madre Public Library was accept-
ed Tuesday night with much re-
gret by the City Council. There
is much to be said of the unstint-
ed service given by Mr. Burbank.
He has given freely of his talent
and time to improving the condi-
tions of the Library service. He
will not be entirely relieved from
his connection with the work, for
he was made an honorary member
of the board for life.

Ross T. Hickcox, 546 Sturtevant
Dr., who has had much experi-
ence on library work, of Los
Angeles in the earlier days of its
Public Library as well as at El
Centro, was elected as a new
member of the board. It is un-
derstood that Mr. Hickcox is a re-
tired attorney, having taken up
his residence in the city about a
year ago.

ton, assisted by Patty Davidson,
is responsible for arrangements.

At the Council meeting Tues-
day evening Gerald Fairfield, pol-
ice officer, and George Bouvier,

members of the Auxiliary Fire-
men at the request of the Fire
Department.

Bids were read for the purchase
of a power street sweeper,
amounting to \$4545 for one, and
\$3875 for another. The machines
will be inspected before a pur-
chase is made. The city has
about 29 miles of streets which
cannot be properly swept without
a power machine.

The dog ordinance was passed
and will become law as soon as
published. This requires all dogs
on the streets to be kept on leash.

vited to inspect the lands leased

MAYOR'S PROCLAMATION

In accordance with the real-
ization of every American,
young or old, native or natu-
ralized, that OUR NAVY is
playing an ever-increasing part
in the destiny of these UNITED
STATES, it is fitting that we
pay our deepest tribute to that
great branch of the service.

Also realizing that Our
Navy has become the greatest
Navy of all time, that OUR
NAVY has taken many of the
strategic islands of the South
Pacific and that OUR NAVY
is steaming into the teeth of
invasion, and that many of our
finest manhood is numbered
in its personnel, I, the Mayor
of Sierra Madre, with the hon-
orable Council members, de-
clare October 27th to be NAVY
DAY in Sierra Madre, asking
that patriotic observance be
given not only in the schools
and social gatherings, but in
the sanctity of each home.

MISS JEAN EDWARDS BECOMES
BRIDE IN WASHINGTON, D.C.

From Washington, D.C., comes
word of the recent marriage of
Miss Jean Edwards to George
Sixta, SP (P) 1/c U.S.N. Jean
is the daughter of Mr. and Mrs.
J. T. Edwards of 484 Mariposa
Ave. In the company of her
mother she left Sierra Madre two
weeks ago to become the bride
of Mr. Sixta in the capitol city.

The marriage took place Sat-
urday, October 21, 1944, in the
Washington Cathedral, and the
ceremony was performed by
Canon Charles W. F. Smith. The
bride was given in marriage by
her mother, and Mrs. Lionel
Bridge of Princeton, N.J., sister
of the bride, was matron of
honor. Lt. Commander Henry
McCarthy served Mr. Sixta as
best man. After the ceremony
the happy couple left for a hon-
eymoon in New York City. They
plan to make their home in
Washington, D.C. for the duration,
since Mr. Sixta is stationed in the
Special Photographic Division of
the Navy Department.

Jean was a popular member of
the younger set of this city, and
already her many friends feel her
absence keenly. She was an ac-
tive member of the Civic club,
and until the date of her depart-
ure for Washington, volunteered
her services at St. Luke's hospi-
tal as a Nurse's Aid. Her loss
is also felt by her business
friends and acquaintances of the
Union Pacific Railroad in Los
Angeles, which organization she
served as head of military reser-
vations.

Before called into service, Mr.
Sixta made his home in Chicago,
where he was employed as a syn-
dicated cartoonist for the Chicago
Times. Many of his drawings
are now appearing in the Satur-
day Evening Post, American
magazine and other popular mag-
azines as well as Navy publica-

RECRUIT TWO WACS
FROM THIS CITY

Wanted: 1000 WACS. The
American Legion Auxiliary has
been requested to recruit 1000
WACS by November 11, 1944, for
the Medical detachment. The
Sierra Madre Unit 297 must re-
cruit two girls from Sierra Madre.
To qualify, one need not be a
nurse. There is so much to be
done for the boys who have re-
turned from active duty, and this
is a wonderful opportunity for
some girl or woman to do her
part in this war. If any person
is really interested, please call
Custer 5-4755 for additional in-
formation.

He has several times been
a visitor in this city, as has his
sister, Miss Gladys Sixta.

Before leaving for the East,
Jean was the recipient of many
lovely parties both in Sierra
Madre and Los Angeles. To her
family she writes of the numer-
ous good wishes showered upon
her by fellow employees of the
Union Pacific in various cities
between Los Angeles and Chicago
as the train passed through. She
was also feted by the groom's
family in Chicago, and by a host
of friends in Washington, D.C.

Before returning to Sierra
Madre, Mrs. Edwards plans to
spend several weeks visiting her
daughters, Mrs. Christine Teal of
New York City, and Mrs. Lionel

MISS DILLON RETURNS

Fannie Charles Dillon writes that after a most happy six weeks' sojourn at the MacDowell Colony, at Peterborough, New Hampshire, this past summer, she is now concluding a stay of six weeks in New York City. The Colony was most beautiful in all its summer glory, says Miss Dillon, and most interesting in its distinguished personnel of authors, artists and composers. The Colonists expressed their homage toward the famous MacDowell by presenting Mrs. MacDowell, on July 21—the 60th anniversary of their wedding, with an equivalent number of silver dollars plus an over-subscription. Mrs. MacDowell celebrated the day with a delightful afternoon reception to the Colonists at her home "Hillcrest."

Miss Dillon has just completed in New York City the final touches and orchestration for her new composition written for piano and orchestra entitled "A Western Saga." The music is descriptive of western subjects from mountains to desert. Recently, word has come to Miss Dillon from Eugene Goessens that he has accepted one of her Symphonic Suites. Of this work he writes to Miss Dillon, "I like it enormously and hope to program your lovely work this coming season." Miss Dillon is expected late in October at her home in Sierra Madre.

Parker House Rolls

One cup milk (scalded). While warm add ¼ cup sugar, two tsp. salt and ¼ lb. butter. Dissolve one yeast cake in ¼ cup milk and one tbs. sugar. Beat three eggs well and add the above ingredients. Pour all of this into 4½ cups of flour. Mix thoroughly and put in refrigerator until needed. Make in rolls three hours before baking. These rolls may be made in any shape, Parker House which may be buttered before serving, clover leaf, etc. Bake in preheated oven at 425 degrees.

Menus for Fall Days

Tempting autumn foods are never so much enjoyed and appreciated as right now, when they are in abundance and at their best. This menu makes good use of autumn foods:

Sausages and apples in casserole, baked squash squares, Green salad (cabbage, green pepper, parsley, mayonnaise), hot rolls—butter or margarine, peach or plum cobbler, hot lemon sauce.

Thomas Will Do Wiring and Johnson Repairing

Announcement is made in this issue of the News that two of our popular and enterprising young men have become associated in business—Eber Thomas and Arthur Johnson.

Mr. Thomas states that he has had more work than he could properly handle and that after November 1, he will devote all his time to wiring and maintenance work, while Mr. Johnson will look after the electrical appliances and repair work.

Mr. Thomas, who lives at 823 Canyon Crest Dr., came to Sierra Madre on account of the health of Mrs. Thomas 13 years ago and the first four years rode a motorcycle to work in Long Beach, where he was employed for 16 years with the Goddard Electric Co. Later he was with Custer & Wetzel, immediately after the earthquake. He saw an opportunity to go into business for himself here and has wired over 450 houses in this city. His two

sons have also assisted him in their spare time after school and vacations. They are both in the service now, Robert, a 2nd lieutenant in the Army Air Force, is in New Guinea, and Marvin is an Aviation Machinist, 1/c, in the Central Pacific.

Mr. Johnson, although a young man, has lived here for 33 years, so he must have started in working at living in Sierra Madre early. He entered the first grade of the old grammar school, finished the eighth grades and then took his high-school work in Pasadena. He is married and has a 16-year-old daughter who is attending the Monrovia-Arcadia Duarte High school. Art, as he is familiarly known, was naturally mechanical and did general repair work in his shop at home, 154 E. Sierra Madre Blvd. For six years he had the Sierra Madre News Stand. For over seven years he was a member of the police force, is now a fireman and for the past two years has been a machinist in the R. A. Hawks Co.

Purged by the fiery trials of anxiety, suffering, and loss, we come to Thee—Thou Just Judge, Thou Great Physician; Thou lover of men, in whose mercy alone can we find solace and help. Forgive us, we pray, and heal our sick souls; strengthen our feeble wills.

Vote as You Please!

With the Presidential election now but a few weeks away, some confusion is arising about the right of citizens who are listed as members of one political party to vote for the candidates of the other party.

It should be made clear that in the general election, anyone who votes may cast his ballot for the candidates of any party regardless of his party affiliation. In other words, an individual who is a Democrat may vote Republican in the general election, or vice versa. The confusion on this point arises from the fact that in the primary election the voter is making a selection within his own party and for that reason cannot vote for the candidates of any other party.

So, remember, you can vote as you please on November 7, regardless of whether you are listed as a Republican, Democrat, or what-have-you. The main thing is to vote!

Here
and
there

by A. G. H. Bode

WHEN crossing the Indian Ocean you are naturally interested in playful schools of porpoises racing your ship; in the flying fishes, which have been known to come through a porthole; in albatrosses and the great birds sometimes mistaken for them, which seafaring people call "molly-hawks;" and in an occasional passing steamer, beautiful at night when glittering with lights from stem to stern. After about 10 days out from Western Australia you know you are nearing the island of Ceylon. You might think some of your friends aboard had suddenly become "sniffy" or disdainful as they passed you with noses in air, but they would only be trying to discover whether

... "the spicy breezes
Blow soft o'er Ceylon's isle."

Many of them have said they detected the fragrance of cinnamon far out at sea.

One morning I awoke to hear on the deck overhead a continuous shuffling of bare feet, while our ship was quite still. A glance through the porthole showed the harbor of Colombo, chief port of Ceylon. Inside a long breakwater were ocean liners, warships, and other craft. Crowding round our ship were catamarans (hollowed logs with outriggers), carrying natives with native fruits and wares for sale, who were boarding the ship.

A.L.A. Activities

The month of November is Membership Month in the American Legion Auxiliary.

"To care for those who have borne the battle." This is a first purpose for which the American

Legion Auxiliary is now enrolling its membership for 1945. Mrs. Lella Embree, membership chairman, who is directing the enrollment campaign, announced today.

We know that the mothers, wives, sisters and daughters of all men who have served their country in either war will want to be

identified in this great work. They are invited to join the Auxiliary now.

Sierra Madre Unit will meet tonight at the home of Lucile Nollac, East Grand View Ave., a Hallows' celebration with prospective members as guests of honor.

Dressing quickly and going up the companion way I was met by a lady proudly carrying a work basket made of porcupine quills. A motley crowd was on the deck trying to sell things to the passengers. A native would slice off the top of a green coconut to sell you a delicious drink of the milk; others sold you mangoes, some delicious, some tasting a little of turpentine. We thought mangoes had best be eaten in one's bath tub. There were articles of silverware beautifully chased with Indian patterns, many precious stones, especially garnets as I remember, and a great deal of doubtful jewelry.

A passenger experienced in the Oriental way of doing business might hear the price of five dollars asked for some article and would counter with an offer of 25 cents. Then would follow much talk and gesticulation till finally the article would be sold for 50 cents. "Why did you ask five dollars?" asks a bystander. "Oh, that was the asking price," is the reply.

The natives visiting the ships were not all saints. During the day, when I was in my cabin, I saw a long pole with a hook on the end coming through the porthole in the direction of a suit of clothes of mine hanging on a peg. At that moment my steward entered the cabin with a tin pitcher full of water. He threw the heavy pitcher down through the porthole while the hooked pole vanished instantly.

As you came off the pier to land you were confronted with a great number of jinricksha men waiting with their little vehicles on the opposite side of the street for you to beckon to one of their number, when a dozen would come racing across to get you for a fare. Many passengers liked to be taken to the cinnamon gardens, where from one of the thousands of bushes they could obtain a little piece of cinnamon bark.

In the business district of Colombo suits of white cotton of European cut were seen, but many of the natives were clothed like Ghandi. Some rode in little carts which had hoods of matted material and were drawn by little oxen which had a hump over their shoulders. Visiting the seashore among catamarans and coconut palms, I came upon a crowd of native men and women and children looking intently out to sea. Their sons and husbands were out fishing from their narrow catamaran and were being attacked by sharks—hence the very anxious crowd. Fishing there as elsewhere was a very dangerous business, a life of sacrifice, reminding of the Scotch song:

Buy my caller herring!
Some may call them dainty faring;
Call them lives of men!

Near Colombo is Kandy, which has a famous Buddhist temple as well as a fine Christian college, called Trinity. There were two universities, the old one of Ceylon and a new one, the Royal, started in 1920, besides many other schools and colleges.

AUSTRALIANS have been found valuable as teachers, being "good mixers" with no racial feeling, in spite of their home white Australia policy.

Just across the water in India there are 16 more great universities, many of which have 40 or 50 affiliated institutions—part of the plan of educating for self-government. It is a mistake to suppose that Indians must go to America or Oxford or Cambridge for university education. Their own universities, such as Calcutta, Bengal, Allahabad and others, turn out annually thousands of graduates. Calcutta at one time had 26,000 students but they were found to be too many.

Ceylon is very interesting as affording the proof that the colored races are not inferior races though they have been backward races. Mr. R. C. Blumer, a distinguished educator, who has written a book called "The Pacific and You" and who taught at Trinity College in Ceylon, says that once they are given equal opportunities with the whites they are able to hold their own and make a valuable contribution to the welfare of mankind, as is the case with General and Madame Chiang Kai-shek. "Natives of Ceylon and India for many years have occupied some of the highest posts in the land, as judges, doctors, university professors, ministers of the crown and heads of government departments. In Ceylon the greatest surgeon was a Tamil (one of the native races of the island), and Europeans flocked to him with the greatest confidence in his skill."

At Trinity College in Kandy, the vice-principal was a Singhalese, and white professors gladly served under him. Tagore, the great Indian poet, visited the college. Men and women of a dozen different races worked together on the staff, and 16 different races among the boys slept in the same dormitories, sat in the same classrooms, and played the same games. A speaker at their old boys' dinner said that life in the college was a mixture of Daniel in the lions' den, the Arabian Nights, Harry Lauder, and the Battle of Waterloo—a way of describing the happy, many-sided and robust life of a community of many races. In a more marked degree the same happy, tolerant conditions are found among the many races living together in our Hawaiian islands.

In the college in Ceylon Mr. Blumer took part in a comic tableau in which with long beard and hymn-book he approached some dusky natives making merry round a fire. He was promptly knocked on the head and dumped in the pot, amid uproarious laughter by the mingled Singhalese, Tamil, Malay, Burmese, Burgher and other boys of the college. They knew it was a skit on the old notions of missions and they knew better. They were familiar with the religious, educational, industrial, agricultural, and medical help of able men and women. They were grateful for schools and hospitals and protection against exploitation. A visit to Ceylon is enlightening.

"REPUBLICANS FOR ROOSEVELT" HEADED BY MRS. CECILY ALLEN

The increasing interest of many Republicans in Sierra Madre for the Democratic candidate for President has inspired the timely organization of a Republican Committee for Franklin D. Roosevelt.

Mrs. Cecily Allen, a long-time Sierra Madrean, will head this committee. Mrs. Allen says: "This is a most crucial time in our lives and we must be thinking, voting Americans, predicating our decisions on past records with thought toward a better and safer world in the future. We cannot stand on blind partisanship; we must think through clearly. Isolationism," continues Mrs. Allen, "has been proven to be both dangerous and costly. We cannot afford to miss the opportunity, this time, for a lasting peace and a good will toward all men."

This committee is working out of the Democratic headquarters at 14 N. Baldwin, states Mrs. Rosalie Goodwin, chairman of Democratic campaign activities in Sierra Madre.

Home Insulation

If the truth were known about
the benefits of home insulation
and about the reasonable cost of
applying this contribution to bet-
ter living and safety there would
be an immediate speeding up of
interest.

Home insulation with U. S.
Rock-Wool, properly applied with
modern pneumatic equipment, is
no longer an experiment. Over a
long period, exhaustive tests have
been carried out by the Bureau
of Standards at Washington and
the heat-resisting qualities of
rock-wool are a matter of record
for all who care to read.

The home-owner who considers
insulating is concerned with the
integrity of the company which
does the work.

Monarch Roofing & Insulating
Company reports that prices are
still in the low bracket and that

satisfied folk who have awakened

U. S. Rock-Wool Insulation.

FIRE FLAMES

By One of the Boys

A carload of firemen attended
the San Gabriel Firemen's asso-
ciation meeting in San Gabriel
Wednesday evening. These meet-
ings are held each month for the
firemen to learn anything new in
fire-fighting.

Why do we continue to find
people burning out of hours? We
repeat and repeat the request
that such be discontinued. We
understand there are many people
who are very careful and who
understand the danger—but they
should understand that it is dif-
ficult to permit them to disobey
the rules and refuse someone else.

Fire prevention week passed
without a fire call. We are thank-
ful for that. In Sierra Madre,
we try to make every week a
week of fire prevention. It is
with this in mind that we con-
stantly urge residents to abide
by the rules. When we see Roy
Pickett's daughters hurrying
around the gas station as they
serve people, we don't feel so
sorry for him any more. We used
to think that because his family
is all girls that the poor guy
wouldn't have any help when they
grew up. This, of course, is an
old idea nowadays. We would not
be surprised if in the near future
the women folks will be fighting
fires in our fair city.

The Washburn Nurseries, known
to most of us as the "Palm Nur-
sery," now represents the local
fire department in good force.
With Shelton Washburn (who is
the manager) a very active mem-
ber of the fire department, we
find much enthusiasm there with
such fellows as Pete Kreuscher
and Owen Kiggins. This trio can
always be found in the midst of
the work. Good-humored Pete
will find occasion to encourage
his two "co-ops" to get in and
dig.

When the new fire truck was
ordered, it was fully realized that
considerable time would pass be-
fore delivery. However, the boys
are beginning to get anxious.
Many questions are being asked
as to when we can expect it.
There is no telling.

This fair town is not small
when it comes to checking up on
the danger of unwanted fires. We
still find many conditions that
need correction. The fire depart-
ment is ever ready to assist with
advice to make properties safe
from fire.

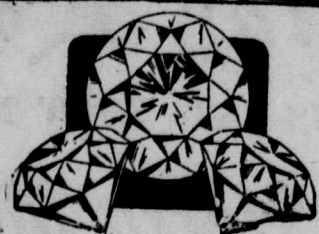

The end of the year approaches
and although we have had more
fires than we like to admit, we
can all be careful and still keep
the fire loss to a low figure. Ac-
cording to cities of similar size,
we can claim small fire loss.

Confusion on the Corner

Arcadia Motors, 22 E. Monte-
cito, is having trouble in educat-
ing the people of Sierra Madre
to the fact that they do not op-
erate the gas station directly in
front of the building; in fact,
they have no connection with it
whatever. Several misunderstand-

ings have arisen from this con-
fusion and people have been un-
necessarily inconvenienced. Arca-
dia Motors is well equipped to
service any make of car and Al
Kretschmar, the Service Manager,
has had many years of experience
doing just that. And to keep up
to date Al has been going to
night school to be ready for all
post-war developments.

Paramount Broadcaster Frank Lacey at November Dinner

Turkey with all the trimmings will be served to the fortunate ones making reservations for next Thursday evening, November 2, 6:45 p.m. for a dinner at the Woman's clubhouse.

Non-political, the dinner and entertainment will provide just good eating and an evening of fun for

the whole family.

For entertainment the Woman's club has been very fortunate in obtaining Franklyn Lacey, well-known imitator, who will present a series of skits and imitations, mostly comic. While in the East he was managed by both Columbia and National broadcasting lecture bureaus. He has just finished his 75th consecutive television broadcast for Paramount Studios in Hollywood and without

a doubt will furnish a hilarious evening.

Only 150 reservations can be taken for the dinner which may be made with Mrs. C. C. Straus, Custer 5-4279.

♦ Mrs. Harry Lange was brought to her home here Sunday from St. Luke's hospital where she had been for treatment. Her many friends will be pleased to learn that she had improved so that she could be brought home.
